California Performance Review

- Created by Governor Schwarzenegger to conduct a focused examination of state government to bring about a 21st Century Government that is
 - Innovative and Dynamic;
 - A Better Provider of Services, More Responsive, More Accountable to the People;
 - More Efficient, Effective and Transparent; and
 - Takes Advantage of New Technologies and New Ways of Doing Business

The Focus

- Making government more efficient and more responsive to the customer
- Structure of Government Organization:
 - Utilize the Governor's Reorganization Process limited to the Executive Branch and reviewed by:
 - Little Hoover Commission
 - Legislature

Making It Happen

- Assembled 14 Experienced Team Leaders
- 14 Teams ranging from Infrastructure, Health and Human Services to today's topics of General Government including Performance-Based Management, Personnel Management, Procurement and Information Technology
- Using a proven methodology by Billy Hamilton used in 12 times throughout government

Guiding Principles for the Issues

- Put People First
- Save Taxpayers Dollar
- Be Visionary and Innovative
- Be Accountable and Efficient
- Be Performance Driven

The Process

- Today's hearing is the fifth in the series and we look forward to the people's input to help guide California.
